Many experts think there is a reason why children in the same family are different. They believe that the difference comes from the birth order— (23) the children are the oldest, the middle, or the youngest child in their family. For example, the oldest children are usually very careful and like to write lists. They also do (24) their parents tell them and don't give their parents many problems. What are middle children like? Well, middle children don't like rules; they like to do what they (25). But they like being with people, and they have lots of friends. (26) the youngest? Youngest children are often shy and they have a few good friends. They have lots of different interests, too. And finally, what about only children? Only children don't have any brothers or sisters. They are a (27) of the oldest and the youngest. They are quiet, but they can get angry very quickly. They are also very artistic—they're often good at art and music. Well, that's what the experts say. Do you agree?

## 六、閱讀測驗

Bali is famous for its diverse and sophisticated art forms, such as paintings, sculptures, woodcarvings, handcrafts, and performing arts. Balinese dances portray stories from Hindu epics such as the Ramayana but with heavy Balinese influence. Famous Balinese dances include the monkey dance.

The Hindu New Year, *Nyepi*, is celebrated in the spring by a day of silence. On this day, everyone stays at home and tourists are encouraged to remain in their hotels. On the preceding day, large, colorful sculptures of *ogoh-ogoh* monsters are paraded and finally burned in the evening to drive away evil spirits. The Balinese eat with their right hand, as the left is impure, a common belief throughout Indonesia. The Balinese do not hand or receive things with their left hand and would not wave at anyone with their left hand.

Balinese and Indonesian are the most widely spoken languages in Bali, and like most Indonesians, the vast majority of Balinese people are bilingual or trilingual. There are several indigenous Balinese languages, but most Balinese can also use the most widely spoken option: modern common Balinese. English is a common third language (and the primary foreign language) of many Balinese, owing to the requirements of the large tourism industry. Staff working in Bali's tourist centers is often, by necessity, multilingual to some degree, speaking as many as 8 or 9 different languages to an often surprising level of competence.

46. What is Paragraph 2 mainly about?  
① Balinese custom.    ② Balinese art forms.    ③ Tourist activities.    ④ The eating culture.
47. What is the reason why the majority of Balinese can speak more than one language?  
① Because Bali is an industrial city.    ② Because Balinese are gifted people.  
③ Because it is required by the government.    ④ Because there are many local languages.
48. Which of the following statements about Bali is true?  
① In Balinese culture, it is not polite to wave with right hand.  
② The main foreign language in Bali is Indonesian.  
③ The Balinese people celebrate Hindu New year called Nyepi.  
④ Ramayana and monkey dances both originate from Bali.
49. Which of the following is **NOT** mentioned as one of the famous art forms in Bali?  
① woodcarvings    ② paintings    ③ dances    ④ photography
50. How do Balinese celebrate their New Year?  
① They stay home and observe a day of silence.  
② They hold a big parade with sculptures of monsters.  
③ They go to a hotel and stay inside to pray.  
④ They burn their sculptures to scare away evil spirits.
